Triple Fixed Base Welding Lead Reel

Need a cover for your lead reels? We sell All weather protective covers.

RETAIL PRICE

DISTRIBUTOR PRICE

FEATURES

- Stays connected to the welder at all times. "Live Reel Setup"
- Designed with 3 spools: Store your welding leads on the bottom 2 reels. Store your remote, extension cord, shielding gas hose, or oxy/acet. hose on the top reel. Top Spool is NOT a live spool.
- Comes standard with 600 Amp capacity.
- 1/2" terminal connections.
- Vented circle design allows for free air flow over your lead to aid in cooling.
- Heavy-duty manual friction brake is adjustable, allows the user to set tension and prevents free spooling of leads during roll out.
- * DLR NEW* proprietary platinum pull pin.
- Reel leans back at a 7 degree angle designed to lean with most truck cabs to keep your side mirrors clear of obstructions.
- Reels are rebuildable with full line of replacement parts.

CONSTRUCTION

- Heavy-duty, all-steel construction
- All hardware is ZINC coated Grade 8
- Ball bearing spools
- Powder coated for a lasting finish

COLORS

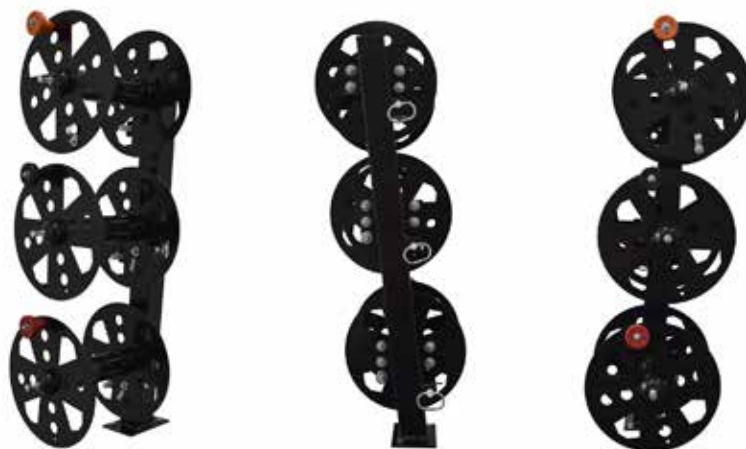

Blue | Red | Steel Grey | Black
